Further  
information:  
International  
Relationship Office  
of your school

Apply  
until  
30.4.2019

**Location:** AniCura Aachen Tierärztliche Klinik Dr. Staudacher,  
Trierer Str. 652-658, 52078 Aachen, Deutschland  
mail: g.staudacher@tgz-aachen.de

**Participants:** Veterinarians from EU states with EU citizenship, wishing to absolve a dual additional training (seminars and journal clubs in conjunction with practical training on the job within various departments of a small animal veterinary clinic) immediately after completing higher education (or at most 6 months after graduation). Veterinarians that want to start a curative job in Germany in the medium term. German language skills capable of habitual conversation (e.g. Level A2).

**The traineeship includes:** Supervised training on the job with dogs, cats and small mammals. 80 seminar units of 30 min each according to a defined curriculum, 1 course in radiation protection of 7 hours, practical X-ray training, 10 journal clubs of 90 min, 4 interactive courses for owner communication of 2 hours each, training with and without video recording.

**Financing:** Trainees stay in Aachen is funded by the EU's ERASMUS+ program. The clinic offers additional free accommodation in a residential group.

**Job offer:** Interested, suitable graduates receive an employment offer after the course. Do you want to work in Germany?
